

ACTIVITY 6.2: FACT VS OPINION

Read the eight statements below and determine if they are opinion or fact.

Statement	Fact or Opinion?	Why?
1. Only 6 out of 10 citizens voted in the last provincial election.		
2. Providing free childcare for families will help more women work and improve gender equality.		
3. According to the research, teenagers spend five hours a day using social media.		
4. The politician is not considered trustworthy after making false statements.		
5. New funding was announced from the provincial government to support schoolyard greening projects.		
6. It is not fair for wealthy people to have to pay more in taxes if everyone gets the same services.		
7. After graduating from a university program, the average student has to pay back \$25,000 in student loans.		
8. Social media is bad for our mental health.
