

ACTIVITY 6.2: Evaluating the Leaders' Debate

1 Identify four examples of faulty arguments made during the debate (e.g., personal attack, false dilemma, slippery slope). List the leader, describe the argument and identify the type of logical fallacy.

2 Which arguments were most persuasive and why?

3 Did your views about the leaders or any policy positions change over the course of the debate? Explain.

4 Do you feel like your concerns were answered during the debate? What other questions would you like to ask the party leaders?
