

### Let's Eat!

Our class gets to enjoy a meal out at \_\_\_\_\_ on our next field trip. The group needs to decide on a meal that everyone can agree on in the next five minutes. The restaurant will give the class a discount, but only if everyone orders the same thing. You must decide on a main course, one side order, one dessert and one drink.

With your group, decide on a final order for the class. Everyone must agree to eat what has been ordered.
